From what they say of Gen. Shafter's size, he will be very easy to list.

A test vote taken Monday showed that the Hawaiian resolution will pass the Senate by an overwhelming majority.

The Kansas apple crop will be almost a total failure. Not more than 15 per cent. of a crop will be gathered.

Admiral Sampson will probably soon learn that he made a mistake in repairing the cable at Guantanamo.

Twenty or thirty members of Company E., First Wisconsin Regiment, at Jacksonville, are sick from eating unwholesome canned goods.

Miles and Alger are again fussing and are unable to agree upon a leader for the troops to be sent to reinforce Shafter. The President will have to decide the controversy.

Lieut. Blue has already distinguished himself in Cuba by riding an army mule 72 miles. It still remains to be seen what Maj. White and Col. Redd will do.

Maj. Gen. Shafter is a heavy weight, whose avoirdupois is said to reach 314 pounds. This explains his long delay in reaching Cuba. Large bodies move slowly.

The administration's mighty mind is now turned to selecting names for the new ships, but all of the war babies so far are still being called Dewey.

Orders have been given to hold as prisoners of war all Spanish subjects taken on prize steamers. As there are over 200 of these who are non-combatants, the exchange of Hobson's crew may be forced.

State Democratic conventions are in session to-day in Indiana and Arkansas. In Arkansas Gov. Jones will be re-nominated. Minor State officers will be named in Indiana.

The Fulton Daily Leader will be "touched off" at Fulton, Ky., on the 25th inst., by Mott Ayres, an experienced newspaper man who has recently been living in St. Louis.

Gen. Aguinaldo has been chosen President of the provisional government of the Philippine Islands. The new government will not oppose an American protectorate or occupation, and favors annexation.

The list of second lieutenants in the regular army to be appointed from civil life has been made public. The Kentuckians named are John K. Proctor, Jr., Benjamin H. Watkins and J. T. Geary.

It having been determined that Col. Bryan's regiment will fight under Gen. Lee, the question of getting to Jacksonville at once comes up. If he takes the usual and most direct route he will pass through this city.

Two of Dewey's men have arrived at Washington from Manila. The term of enlistment of one has expired and the other is a doctor who came home on a leave of absence to marry. They were participants in the battle at Manila.

The court of appeals has declared unconstitutional the act of the last legislature changing the limits of the third, fifth and seventh appellate court districts. This gerrymandering act was passed to make a Democratic district out of a Republican one, but the highest court knocks the plan in the head. The decision is a great victory for C. W. Lester, who the Republican candidate for Appellate Judge.

Hawaii is soon to become a territory of the United States and we have not yet seen any good reason advanced why it should not. In fact we cannot cross the Pacific ocean for any purpose without stopping at Hawaii, as was clearly shown by the experience of the present month. It is valuable to us as a coaling station if for nothing else.

Congressional Convention.

The official call issued by the district committee at its meeting in Hopkinsville, April 19, was as follows:

1. It is hereby ordered that on the 25th day of June, 1898, at 2 o'clock p. m., standard time, there shall be held at each voting precinct of the Second Congressional district at the usual voting place, a precinct convention for the purpose of appointing delegates to a county convention, which will in turn appoint delegates to a district convention, called to nominate a Democratic candidate for Congress.

2. Each precinct shall be allowed one delegate vote for each 50 votes and fraction over 25 cast for the Bryan electors in 1896; provided that each precinct shall have at least one delegate vote.

3. The delegate votes of the county shall be "prorated" or divided in such a manner as to express the will of the voters, as shown by their votes in the precinct convention. The representation of the several counties is hereby fixed upon the basis of one delegate vote for each 200 votes cast for Bryan electors in 1896.

4. All persons who support the Bryan electors in 1896, and all persons who desire to come into the regular Democratic organization, and who will agree to support the nominee of the convention, and all persons who are not 21 years of age, who will be entitled to vote at the November election, 1898, and who will agree to support the nominee of the convention herein called, shall be entitled to vote in said precinct convention.

The delegates chosen at said precinct convention on June 25th, shall meet in county conventions at their respective county seats at 2 o'clock p. m., Monday, June 27th, 1898, and appoint delegates to a district convention herein called to assemble in the city of Henderson on Wednesday, June 29, 1898, at 1 o'clock p. m.

The representation of the several counties in said district convention shall be as follows: Christian, 16; Daviess, 25; Hancock, 5; Henderson, 20; Hopkins, 17; McLean, 7; Union, 16; Webster, 12. Necessary to choice, 59 and a fraction.

Of Interest to Doctors.

Office of the State Board of Health, Bowling Green, Ky., June 21, 1898.
TO OSTEOPATHS AND ALL OTHER UNLICENSED PRACTITIONERS OF THE HEALING ART IN KENTUCKY:

Gentlemen: Notice is hereby given that this Board will hold an examination of applicants for license to practice the healing art "by any system or method whatsoever" at the University of Louisville, in the city of Louisville, beginning at 9 a. m., Tuesday, July 5, 1898.

The examination will be open to all bona fide residents of the State who are graduates from schools of Osteopathy, from medical schools whose standing has not been heretofore fixed by the Board, and to all reputable non-graduates who were reputedly and honorably engaged in the practice of medicine in this State prior to February 23, 1884, who can furnish the proof required by the statutes.

The examination will be limited to the branches taught in such schools at the time the particular applicant graduated, will be entirely in writing, and while practical in character will be sufficiently thorough to fully and fairly test the capacity of each applicant. The Board wants every competent applicant to obtain a license, and no one should ask more than this. As the Board does not contemplate another examination for graduates from schools now represented in this State, or for non-graduates, it is requested that all applicants be on hand promptly at the hour named.

By order of the Board.
J. M. MATHEWS, M. D., President.
J. N. McCORMACK, M. D., Secretary.

Up to the present moment Dewey is the only messenger boy who deserves credit for prompt delivery of the news.

Chicago Times-Herald Squibs.

A Michigan man who recently married his mother-in-law without going through the formality of securing a divorce from her daughter says he was "merely actuated by a desire to secure peace." Well, he has secured it: there is nothing more peaceful than a penitentiary sentence earned by bigamy.

"Kid" Lavigne, the champion light weight pugilist of America, was quickly and artistically thrashed by a hotel clerk in New York the other day. Mr. Lavigne evidently has not been a close student of the life and public service of Hon. Billy Mason.

The Madrid Imparcial still insists that "the United States is a nation of mere shopkeepers." But what a magnificent bargain counter Uncle Sam is fitting up.

Joe Leiter's handsome features have disappeared from the first page. If "nothing succeeds like success," it is equally true that nothing fails like a failure.

It wouldn't do to order the Vesuvius to fire her three dynamite guns simultaneously; she might sink Cuba and then Sampson would have nothing to do.

The "modern Napoleon" has one distinct advantage over his illustrious predecessor: Bonaparte had no father to settle the bill after Waterloo.

An immense man-eating shark was caught in the water just off Coney Island the other day. How he happened to leave the land is a mystery.

There is bound to be a great revival of business after the war. Think how a junk dealer would thrive in Santiago!

The Boston Herald says that "war poetry nowadays isn't up to the mark." It ought to be right up to the blue pencil mark.

Spain's delay in exchanging Hobson probably is based on the intention to demand a whole regiment of Spaniards for him.

The cheerful imbecile who insists that there is always plenty of room at the top should take a look at the thermometer.

In spite of all reports to the contrary we don't believe Germany intends to dispute with the umpire at Manila.

There is a growing impression that in a prolonged engagement the Armour-clad wheat deal is safest.

The peace-at-any-price party apparently has transferred its headquarters to Madrid.

Any man can now become a "bloated bondholder" for \$20, and that is cheap enough.

Spain might as well charge up Cervera's fleet to her sinking fund right away.

France is no longer singing, "Oh, M. Meline, my M. Meline."

No wonder Judge failed; those Spanish dailies are so funny.

Dewey seems to be getting greater by degrees.

Next Saturday at 2 o'clock will be held the precinct conventions in the congressional race to appoint delegates to the county conventions on Monday. There is but one candidate, Hon. H. D. Allen, but there should be a general turnout at the conventions.
